On the Vocation of Women "This word of thanks to the Lord for his mysterious plan regarding the vocation and mission of women in the world is at the same time a concrete and direct word of thanks to women, to every woman, for all that they represent in the life of humanity. Thank you, *women who are mothers!* You have sheltered human beings within yourselves in a unique experience of joy and travail. This experience makes you become God's own smile upon the newborn child, the one who guides your child's first steps, who helps it to grow, and who is the anchor as the child makes its way along the journey of life." - Pope John Paul II

Writer Frederica Mathewes-Green has pointed out that: "No woman wants an abortion as she wants an ice cream cone or a Porsche. She wants an abortion as an animal caught in a trap wants to gnaw off it own leg."

We pray for those struggling with mental and physical challenges and the problems of old age.
